

VIJAY PRASATH R

Motivated learner with hands-on experience in Python, web development, and logical problem-solving

📍 Coimbatore, TamilNadu | ✉ vijayprasath6371@gmail.com | 📞 +91 7339382010 | 🌐 vijay-prasath-r |

🔗 VIJAY-PRASATH-R

EDUCATION

KIT-KalaingarKarunanidhi Institute of Technology-Coimbatore

2023 – 2027

B.E., CSE (AI&ML) ,Final year

CGPA: 7.56/10.0

Coursework: Problem Solving, Data structures and Algorithms, Database Management Systems

XII (HSC) – 77%

X (SSLC) – 100% (All Pass)

EXPERIENCE

Web Developer Intern, LearnLogicfy Technologies -Coimbatore (Offline)

June-2025

- Gained hands-on experience in front end web development.
- Learnt web technologies like HTML , CSS, JAVASCRIPT, REACT JS.
- Gathered knowledge about how websites work.

Software Engineering Intern, Codebind Technologies-Coimbatore

Sep-2024

- Developed Python-based software modules and contributed to real-world application development tasks.
- Gained exposure to AI concepts and explored their integration within software engineering workflows.

PROJECTS

Provics |

- Built a centralized web platform to connect students, colleges, and industry partners for industrial visits and internships
- Simplified coordination by reducing manual communication and approval delays
- Improved clarity and transparency in the IV and internship planning process
- Designed the system with a focus on ease of use and smooth academic-industry collaboration

GitHub: <https://github.com/VIJAY-PRASATH-R/Provics>

Smart Expense Tracker |

- Developed a web application that allows users to register, log in, and track daily expenses with categories, dates, and notes
- Built interactive dashboards to view monthly expenses and understand spending patterns using client-side storage and dynamic chart
- Included a notes manager and admin panel to organize personal information and app data efficiently
- Used HTML, CSS, JavaScript, and browser LocalStorage to store user data locally and maintain state even after page reloads
- Enhanced user experience with theme switching (dark/light and color modes) and responsive interface design

GitHub: <https://github.com/VIJAY-PRASATH-R/smart-expense-tracker>

TECHNICAL SKILLS

Programming Languages: Python, Java

Web Technologies : HTML, CSS, JAVASCRIPT, REACT JS

Database : MySQL, MongoDB, PostgreSQL

Version Control : Git, Github

CERTIFICATES

- **NPTEL:** Design Thinking-A Primer
- **UDEMY:** Complete SQL Course
- **COURSERA:** Python
- **AWS:** Certified AI Practitioner

COMPETITIVE PROGRAMMING

- **Leetcode:** Max Rating: **1622** | **300+** Problems Solved | **5** badges.
- **Codechef:** Max Rating: **1630 (3★)** | **1000+** Problems Solved .

ACHIEVEMENTS

- Solved over 1400+ problems across various competitive coding platforms.
- Participated in 130+ contests across coding platforms including Codechef, Leetcode, Codeforces.
- Achieved a total of 11 badges in coding platforms
- Participated in various hackathons like HackHub, HackSpora.
